

Ashley Dostie

Bio:

I am announcing my intention to run for the Board of Directors of Collington again. I currently have served two years on the board as the Vice President. I moved to Collington in 2018 after my husband Berek, left the Navy. We relocated here with our three kids from Virginia Beach and I immediately began volunteering for the Events committee. I enjoyed so much helping plan events that brought our community together and that made me want to help anywhere I could. I joined the basketball committee earlier this year and that has been extremely successful in keeping our courts safe and fun for all our neighbors.

When I am not volunteering in Collington you can usually find me at Artée Fabrics and Home in downtown Richmond are working or doing something active outside with my kids. This was the first year that all three were able to join the Baracudas swim team here in Collington and we had the best season! I also enjoy volunteering at our church for events and the welcome committee.

Reason (s) for serving on the Board:

I hope to continue to serve Collington as a board member and I promise to continue to think of all of our neighbors when making decisions. I hope to continue to make Collington the best neighborhood to live in.
