

# Ashley Dostie

I am running for reelection for the Collington board of directors. We have lived in Collington since 2018 after my Husband got out of the Navy. During our time our family has helped serve on many committees including grounds, events, courts, and just recently I attended my first pool committee meeting. I enjoy helping out where I can and serving our neighborhood. My Husband and I live in the Lavenham section with our 3 kids, Aniston - 14, Kinley - 12, + Everett - 7, and our golden retriever Taco.

We love being outside and there are so many things we love about Collington including the trails, pickleball courts, and the swim team. Professionally I work downtown for an interior designer where I am in charge of all of the purchasing, logistics, and delivery of products for our clients. I am hoping to get reelected to continue to keep Collington a great place to live by listening to what our neighbors want and need to keep enjoying living here.

Thank you for taking the time to read a little bit more about me and if you see me around please say Hi! I love to meet new people!
