

Billy Roberts

Bio:

I would like to announce my intention to run for a member of the Board of Directors for Collington.

In a previous neighborhood I served as President of the Home Owners Association, Vice-President and Architectural Control collectively for 17 years. I worked with my fellow board members and made good decisions for our community.

I will serve this board with an open mind and to keep Collington fiscally sound and a friendly place to live. I will also establish a positive reputation and provide constructive feedback as necessary.

I have lived in the Tealby section for the past 6 years and have qualifications, experience, and good judgement to be part of our Board of Directors. If given the honor to serve I will represent all Home Owners with honesty and integrity. Your vote and support would be greatly appreciated as we move closer to our election date.

Reason(s) for serving on the Board:

In my professional career I have served in a customer service capacity for the last 40 years. I have done direct customer service, managed the customer service process and served as an executive over large customer service related operations. My professional experience has allowed me to understand the unique nature of complex situations and how to navigate difficult circumstances. I take personal pride in my ability to represent the interest of large groups of people and think I can have a significant impact on our community.

My promise to the community is to always listen to the residence and bring all concerns to the appropriate people. I will serve the board with an open mind, participate in all discussions, and do my best to represent the community.
