

# Jerald “Jay” West

## **Bio:**

I have worked for the Department of the Navy for 22 years. In that time, I have had the pleasure of serving as an integral member of a variety of teams responsible for bringing some of the newest technologies to the forefront of protecting our nation. I hold a master’s in Business Administration from the Wharton School of Business and Economics and Applied Science: both degrees awarded by the University of Pennsylvania. I am married to the most amazing woman who has blessed me with three beautiful children. I am a proud member of the Paralyzed Veterans of America. My hobbies include antique furniture repair, restoration and upcycling, woodworking and gardening.

## **Reason(s) for serving on the Board:**

As a homeowner in Collington I understand the important role our HOA has in our community. First and foremost is to not only maintain, but also facilitate an increase in the property values within our development. I am willing to work with the HOA Board to bring solutions to whatever problems may arise and to work even harder to work towards keeping problems from occurring in the first place. I feel it would be an honor to serve my community and neighbors by lending my experience and expertise to a dynamic HOA team. I look forward to and opportunity to serve our Collington Community.
