

John Hilliard

Bio:

My wife and I moved to Collington's Brading Park ten (10) years ago to be near our grandchildren and daughter who teaches at Spring Run Elementary school.

Born on Bronxville, New York, I grew up in Connecticut and graduated from Tilton Prep school in New Hampshire. Randolph Macon College brought me to this area and I ultimately graduated from the University of Richmond.

After serving as Administrator of Richmond Gastroenterology Associates for 17 years, I retired in 2013. I am a former teacher of Emergency Medical Services (EMS) at John Tyler Community College now Brightpoint and provide services for several EMS agencies.

I am a Life Member of Forest View Volunteer Rescue Squad, having served over 53 years and also served as chairman of the Chesterfield EMS Advisory Committee.

For two years I served on the Governor's Volunteer Firefighters and Rescue Squad Retirement Board.

Reason(s) for serving on the Board:

As my background shows I am a community minded person, who enjoys working with service organizations. I served on the Collington Board a number of years ago and would like to participate again as a board member to help continue Collington's reputation as a wonderful place to live and raise a family.

Our Community Association has done an excellent job in budgeting our annual dues for the administration of our beautiful pool, clubhouse, landscaping and welfare of the neighborhood. If elected I want to continue to make sure these services are maintained for the benefit and enjoyment of all residents.

These are difficult times but the association has done a commendable job to keep the pool open and to schedule events to keep the community connected. I would like to continue to make sure Collington is able to schedule events in a safe manner and members are able to live in this environment.
