

John V. Hilliard

Bio:

My wife and I moved to Collington's Brading Park ten (10) years ago to be near our grandchildren and daughter who teaches at Spring Run. Born in Bronxville, New York, I grew up in Connecticut and graduated from Tilton Prep School in New Hampshire. Randolph Macon College brought me to this area and I ultimately graduated from the University of Richmond. After serving as Administrator of Richmond Gastroenterology Associates for 17 years, I retired in 2013. Currently I teach Emergency Medical Services (EMS) at John Tyler Community College. I am a life Member of Forest View Volunteer Rescue Squad, having served over 50 years, and also served as chairman of the Chesterfield EMS Advisory Committee.

Currently I am currently serving my 6th term, on the Chesterfield Budget and Advisory Committee, working with the Board of Supervisors and also served for 11 years on the Board of Chesterfield County Parks and Recreation. For two years I served on the Governor's Volunteer Firefighters and Rescue Squad Retirement Board.

Reason(s) for serving on the Board:

As my background shows I am a community minded person, who enjoys working with service organizations. I served on the Collington Board a number of years ago and would like to participate again as a board member to help continue Collington's reputation as a wonderful place to live and raise a family.

Our Community Association has done an excellent job in budgeting our annual dues for the administration of our beautiful pool, clubhouse, landscaping and welfare of the neighborhood and if elected I want to continue to make sure these services are maintained for the benefit and enjoyment of all residents.

These are difficult times but the association has done a good job to keep the pool open and to schedule some events to keep the community connected. I would like to continue to make sure Collington is able to schedule events in a safe manner and members are able to live safely in the environment.
