

# Peris Velotas

My name is Peris Velotas and I am looking to join the board to serve my community. As a veteran of the US Navy I am familiar with what it takes to serve my community on a large scale. In my free time I enjoy spending time with my family, snowboarding in the winter, lifting weights, and traveling. I am trying to join the board because I see problems with Collington that need to be addressed and it doesn't look like it is happening. I am the kind of person who sees a problem and instead of waiting for someone else to handle it I take ownership of it and fix it myself. I also have a flexible work schedule that allows me to give my time to addressing community issues and I am always available to listen to complaints and suggestions to improve things. I hope the community considers me.
