

Stephanie Pargoff

Bio:

I have enjoyed serving our community this year on our HOA board and that my voice has helped us see change where it's needed during a time of so much uncertainty in regards to COVID-19. Myself, husband, and 3 young children have been Collington residents for 3 years after building in Lavenham in 2017. I served as your events coordinator for a year a half reinvigorating events back into our neighborhood for all ages. I enjoy being a part of the community, speaking to residents, and hearing all opinions on what we can do to make Collington an even better community to live in. Our community is warm and welcoming, I hope to continue to be part of the face and voice for our residents by serving on our board for an additional year.
